

CE Adjunct, Welding (#1468)

Lone Star College System

Lone Star College System is made up of five comprehensive community campuses located throughout the North Houston metro area of Texas serving 1,400 square miles in Harris and Montgomery Counties. One of the things that make Lone Star College System a driving force is the relationship with local businesses. We offer a broad variety of tailor-made continuing education seminars to meet professional development needs. We work hand-in-hand with businesses small and large to better offer consulting services, workforce development and much more. LSCS provides a relaxing and conducive learning atmosphere while offering leisure learning opportunities, individual classes, and unique programs such as mediation, small business management and entrepreneurship.

LSCS is a great place to work! Our employees enjoy a variety of benefits and opportunities such as professional development that add to the quality of life.
